The English version of "Azg" daily will not be published from January, 2012.

AZG DAILY #124, 04-07-2009

Diaspora Update: 2009-07-04 02:05:52 (GMT +04:00)
ARMENIAN VIRTUAL COLLEGE WILL UNITE DIASPORA ARMENIANS ON THE NET

The Armenian Virtual College is the newest learning institute of the Armenian General Benevolent Union (AGBU) – one that will carry on its lifelong dedication to Armenian education with an entirely innovative approach. Through online education, the AVC's focus is helping learners acquire basic knowledge in Armenian studies. It offers several certificate programs and credit-bearing courses in Armenian education at the college level. Certificates and credits that you can earn from home, at work, or while you travel. AVC monitors, evaluates, and modifies its programs, policies, and procedures to meet the evolving needs of its student population. The AVC is currently comprised of three departments – Language, History, and Culture – each of which offers several courses in varying skill levels. In order to truly accomplish the institute's aim to widen the reach of Armenian education worldwide, the program is been made available in six languages: Armenian (Eastern & Western), English, Russian, French and Spanish.

Through the use of both synchronous and asynchronous communications, AVC allows students to learn new material at their own pace, but also to confer face-to-face with their virtual teachers and classmates. In addition to weekly lessons, students will have access to multimedia study tools, assignments, quizzes, course calendars, syllabi, drop boxes, and grade books. Moreover, discussion forums, email, and live chat options will provide students with the opportunities to better connect with their classmates and to forge friendships with fellow students from across the globe.
